ABOUT ECPAT INTERNATIONAL

ECPAT International (ECPAT) is a global network of civil society organisations working collectively for the elimination of all forms of child sexual exploitation. We seek to encourage the world community to ensure that children everywhere enjoy their fundamental rights free and secure from all forms of sexual exploitation. The ECPAT network currently consists of 124 member organisations in 103 countries. The ECPAT Secretariat coordinates the global work of ECPAT and has a central office in Bangkok, Thailand.

ABOUT THE ROLE

This role will be a fundamental and critical member of the Programmes and Expertise Team that will lead the development and implementation of ECPAT's strategy to address sexual exploitation of children related to child protection and technologies. We are therefore looking for an experienced programmatic expert to purposefully connect our desire to have a globally connected response, with the aim to guide more effectively the network's collective effort to address child sexual exploitation facilitated by technologies.

RESPONSIBILITIES

- Through a consultative process, leads the development, implementation and updating of strategies and associated work plans, budget, and reports, including measurable outcomes and indicators developed in accordance with the organisations M&E framework and processes.
- Advises the organisation in integrating child protection and technology into the organisation's agenda, projects, programmes, and initiatives.
- Facilitates collaboration, coordination, communication and learning between colleagues and departments to ease the integration of child protection and technology in the actions and strategies of ECPAT.
- Advises the research agenda and follows evidence and recommendations in their advocacy and strategies.
- In close coordination with the advocacy and communication team, spearheads an advocacy agenda for change in their area of expertise in close cooperation with relevant colleagues, including common messaging.
- Drafts and oversees policy briefs, position papers, tools & learning components associated with child protection and technology.
- Engages and support members and civil society movement to facilitate a flow of information and to enhance actions and strategies.
- Leads portfolio-specific stakeholder engagement, building and maintaining a relevant network and ensuring ongoing alignment and synergies with engagement by other members of the organisation.
- Cultivates a learning approach where learning is regularly distilled, compiled, shared, and made available to others in order to make their area of expertise accessible to ECPAT and our members.
- Spearhead proposals and generate opportunities for funding for further programming and action.
- Lead the design, implementation and monitoring of projects and initiatives, which will include coordination, planning, budgeting, and reporting activities.

- Manage departmental staff to perform to a high standard, conducting appraisal meetings in line with ECPAT rules and agree and review progress towards individual targets on a regular basis.
- Manage the development and implementation of strategic indicators and monitoring systems.
- Represent ECPAT at a range of events and processes upon request.
