Fighting sexual exploitation of children

# Why present at the world café

Dive into a creative whirlpool with World Café, where dialogue sparkles and collective brilliance emerges. It's a collaboration that melds diverse views into a display of ideas, ripe for harvesting. Presenters will have the opportunity to inspire colleagues and to portray new ways of addressing child sexual exploitation and abuse.

## How to Prepare?

### 1. FAMILIARISE YOURSELF WITH THE FORMAT:

The World Café consists of several rounds of short presentations and discussions, where participants rotate the presenters' tables to cross-pollinate ideas and delve deeper into the topic.

### 2. PREPARE YOUR TOPIC & PRESENTATION:

Develop a concise and compelling presentation of your work that can be easily shared in a brief opening statement (no more than 3 minutes). Your goal is to spark curiosity and conversation, not to cover all details.

### 3. PREPARE VISUAL AIDS:

Create visual aids **if needed**, such as slides or any other materials you can show in your personal electronic device. These should support your topic without overwhelming your audience. Keep visuals simple and engaging.

# At the Café

## **1. QUESTIONS TO PONDER:**

Prepare 1-2 thought-provoking questions related to your work that will encourage dialogue and reflection among participants.

## **2. HOW TO SHOWCASE YOUR KNOWLEDGE AND EXPERIENCES:**

Begin with a warm welcome and your brief opening statement. Display your visual aids if you're using any. Introduce your thought-provoking questions to kick-start the dialogue.

## **3. WRAP-UP EVERY ROUND WITHIN 10 MINUTES AND GREET NEXT VISITORS:**

At the end of every round, wrap-up and greet next visitors and repeat the process. Summarize key insights from the discussions, document the outcomes.
